1. Linkage Program: Special Research Initiative for Australian Society, History and Culture processes

The Linkage Program is designed to achieve the Australian Government's objectives for research and innovation.

This grant program contributes to the ARC's Outcome 1, which is to grow knowledge and innovation through managing research grants, measuring research excellence and providing advice. The following process flowchart applies to the Special Research Initiative for Australian Society, History and Culture grant opportunity.

The grant opportunity opens.

We (the ARC) publish the grant guidelines and advertise on GrantConnect.

You (the Administering Organisation) complete and submit an application.

We manage the assessment of all applications.

We manage the assessment of applications against eligibility criteria and assessment criteria including an overall consideration of value for money.

Your application will be assigned to Detailed Assessors to undertake in-depth assessments. You will have an opportunity to respond to Detailed Assessors' written comments through a rejoinder.

Selection Advisory Committee (SAC) members will then assess Your application, consider the Detailed Assessors' ratings and comments and Your rejoinder and assign a final score.

We make grant recommendations.

The SAC will consider all applications and recommend to the Chief Executive Officer (CEO) the applications to be funded, and the level and duration of funding for each project.

The CEO will then recommend to the Minister the applications to be funded, and the level and duration of funding for each grant.

In making recommendations to the Minister the CEO will consider the applicant's response to the National Interest Test. The CEO will seek information from Administering Organisations on applications where there is concern about how they meet the National Interest Test based on the information provided in the application form. The CEO will make grant recommendations to the Minister that satisfy the National Interest Test and which are eligible for funding.

Grant decisions are made.

The Minister decides which applications are approved, and the level of funding and duration of funding for each approved project. The Minister may consider the National Interest Test in determining which applications to approve.

We notify You of the outcome.

We advise You if Your application was successful or not through Our Research Management System (RMS).

We enter into a grant agreement with You.

We will enter into a grant agreement with You through RMS.

Delivery of the grant.

You undertake the grant activity and report to Us as set out in Your grant agreement.
We manage the grant by monitoring Your progress and making payments.

Evaluation of the grant opportunity.

We evaluate the specific grant activity and the grant opportunity as a whole.
We will use information You provide to Us through Your reports to inform evaluations.
