1. Housing and Homelessness: Safe Places Emergency Accommodation processes

The Housing and Homelessness program is designed to achieve Australian Government objectives.

This grant opportunity is part of the above grant program which contributes to the Department of Social Services (DSS) Outcome 4.1 Housing and Homelessness. DSS works with stakeholders to plan and design the grant program according to the [Commonwealth Grants Rules and Guidelines 2017 \(CGRGs\)](#).

The grant opportunity opens

We publish the grant guidelines on [GrantConnect](#) and [Community Grants Hub](#) websites.

You complete and submit a grant application

You complete the application form and address all of the eligibility and assessment criteria to be considered for a grant.

DSS assesses all grant applications

DSS will assess the applications against eligibility criteria and notify you if you are not eligible. If you are eligible, DSS will then assess your eligible application against the assessment criteria including an overall consideration of value with money and compare it to other applications.

DSS makes grant recommendations

DSS will provide advice, through the Selection Advisory Panel, to the decision maker on the merits of each application.

Grant decisions are made

The Assistant Minister will make recommendations for the decision maker (the Minister for Families and Social Services) for endorsement. This will decide which applications are successful.

DSS notifies you of the outcome

DSS will advise you of the outcome of your application. DSS may not notify unsuccessful applicants until grant agreements have been executed with successful applicants.

DSS enters into a grant agreement with successful applicants

DSS will enter into a grant agreement with you if successful. The type of grant agreement is based on the nature or complexity of the grant and is proportional to the risks involved.

Delivery of grant

You undertake the grant activity as set out in your grant agreement. DSS will manage the grant by working with you, monitoring your progress and making payments.

Evaluation of the Safe Places Emergency Accommodation program

DSS will evaluate your specific grant activity and the program as a whole. DSS will base this on information you provide us and that we collect from various sources.

1.1 Introduction

These guidelines contain information for the Safe Places Emergency Accommodation grant opportunity. You must read these guidelines before applying for a grant under this grant opportunity.

This document sets out:

- the purpose of the Safe Places Emergency Accommodation program
- the eligibility and assessment criteria
- how applications are considered and selected
- how grantees are notified and receive grant payments
- how grantees will be monitored and evaluated
- responsibilities and expectations in relation to the grant opportunity.

This grant opportunity and process will be administered by the Community Grants Hub on behalf of DSS.

2. About the grant program

The Australian Government has announced \$78 million (GST exclusive) for the Safe Places package to provide safe places for people impacted by domestic and family violence. This includes:

- \$60 million Safe Places capital grants program to provide new or expanded emergency accommodation; and
- \$18 million to continue the Commonwealth's funding for the Keeping Women Safe in their Homes program.

The Safe Places package is one measure under the \$340 million Fourth Action Plan to the *National Plan to Reduce Violence against Women and their Children 2010-2022* (the National Plan).

DSS collaborates with other Commonwealth agencies and state and territory governments to support and bring about change for vulnerable children, women and families.

The National Plan recognises the gendered nature of family, domestic and sexual violence. It aims to connect the important work being done by all Australian governments, community organisations and individuals to reduce violence so that we can work together to reduce the number of women who experience violence and ensure that more women and their children live safely.

The Fourth Action Plan, which builds on previous action plans under the National Plan, will focus on preventing violence before it happens, building on the strengths of the domestic, family and sexual violence service system, and providing safe places for those affected by violence.

The objective of Outcome 4.1 Housing and Homelessness is to provide support for affordable housing and homelessness prevention initiatives, including the design and implementation of innovative early stage projects. The Safe Places Emergency Accommodation program contributes to Outcome 4.1 Housing and Homelessness.

The Community Grants Hub administers the program according to the [Commonwealth Grants Rules and Guidelines 2017](#).

2.1 About the Safe Places Emergency Accommodation grant opportunity

These guidelines contain information on the Safe Places Emergency Accommodation grant opportunity. There is a total of \$60.4 million (GST exclusive) for the grant opportunity, which will run over two years (2020-21 to 2021-22).

Domestic and family violence often disrupts housing security and is the leading cause of homelessness for women and children (AIHW 2018)¹. More than 10,000 people a year impacted by domestic and family violence are unable to access emergency accommodation due to the shortage in supply (AIHW 2018)². Stakeholders frequently raise a lack of emergency accommodation as a concern, suggesting this places women and children at greater risk of violence.

The objective of the grant opportunity is to deliver new emergency and crisis accommodation for women and children experiencing domestic and family violence. It could also fund renovations/repurposing of buildings, where it creates new emergency accommodation.

The intended outcomes of the grant opportunity are an increase in:

- the number of appropriate emergency accommodation to provide additional safe places for women and children experiencing domestic and family violence
- women and children experiencing domestic and family violence housed in a safe place due to the provision of the additional emergency accommodation.

The grant opportunity will provide capital grants to eligible organisations to build up to 450 additional emergency accommodation dwellings, and assist up to 6,500 women and children each year experiencing domestic and family violence.

It is important that accommodation delivered under this grant opportunity provides access to appropriate and specialist support for women and children experiencing domestic and family violence. Applicants who are not a domestic and family violence specialist, are required to provide evidence of a formal partnership with a domestic and family violence specialist service, or specialist Indigenous service, or Culturally and Linguistically Diverse service, that is ongoing and sustainable and must demonstrate an understanding of domestic and family violence.

Services (domestic and family violence, Indigenous, or Culturally and Linguistically Diverse) must be focused on women and children and should be rights-based, client-centred, trauma-informed, culturally competent and accessible, age appropriate and have gender expertise. Services must demonstrate expertise and an understanding of domestic and family violence, and place the safety, needs and interests of women and children at the centre of all decisions.

A place-based approach will deliver accommodation where there is an unmet demand for emergency accommodation for women and children experiencing domestic and family violence. Applicants must demonstrate the high-unmet demand in their proposed priority location.

The grant opportunity aims to fund projects that will have the greatest impact to those most urgently in need of support, at the best value for money for the Government. The Government intends that to maximise the return on investment, the grant opportunity will prefer projects that bring together:

- different participants to deliver the most effective model for new or expanded emergency or crisis accommodation (this can include purchasing and repurposing existing buildings)
- contributions (whether cash or in-kind) from other levels of government, and from private and philanthropic sources.

3. Grant amount and grant period

3.1 Grants available

The Australian Government has announced \$60.4 million (GST exclusive) over two years (2020-21 to 2021-22) for the grant opportunity. This breakdown is \$29.972 million in 2020-21 and \$30.422 million in 2021-22.

Capital grants from \$100,000 to \$10 million (GST exclusive) will be available. Subject to projects being of sufficient quality, grant funding will be allocated across remote, regional and metropolitan locations³ to support projects across the nation. The Commonwealth recognises potential applicants will have diverse funding needs, such as repurposing or renovating buildings costs in comparison to developing new emergency and crisis accommodation.

To maximise the benefits from the \$60.4 million commitment, the grant opportunity encourages contributions from other levels of government, and from private and philanthropic sources. Projects that bring forward additional contributions, whether cash or in-kind, will be preferred.

The amount of funding provided to applicants will be determined on a case-by-case basis, depending on the activity, level of support provided by each respective jurisdiction, and the program priorities.

3.2 Grant period

The grant period is over two years (2020-21 to 2021-22). Grant payments will be linked to meeting agreed project milestones and key performance indicators. It is expected that emergency accommodation funded under this grant opportunity will be operational and providing services by July 2022.

All funding agreements must include:

- the requirement to submit an annual report/letter confirming that dwellings are managed as emergency accommodation for a minimum of 15 years
- a formal partnership is in place with a specialist domestic and family violence service, or specialist Indigenous service, or Culturally and Linguistically Diverse service, that is ongoing and sustainable
- the requirement that you will comply with policies and procedures associated with working with vulnerable people and children for the life of the emergency accommodation.

³ See glossary for an explanation of remote, regional and metropolitan locations.

4. Eligibility criteria

Your organisation must demonstrate the following:

- Supporting statement that the emergency accommodation will provide new safe places and deliver privacy, security and dignity for the women and children experiencing domestic and family violence. This can include stating what specific measures will be implemented to ensure the security and safety of women and children.
- Supporting statement reflecting that buildings and arrangements will be suitable for all relevant cohorts in the context of specific location.
- Evidence of your formal partnership with a domestic and family violence specialist service, or specialist Indigenous service, or Culturally and Linguistically Diverse service, that is ongoing and sustainable. If the partnership is with a specialist Indigenous or Culturally and Linguistically Diverse service, evidence of their expertise and understanding of domestic and family violence.
- Evidence of your capacity to deliver the project on time and within budget. This can include evidence of effective project and risk management processes and governance arrangements, including identifying personnel with relevant skills and qualifications to successfully deliver the project.
- Confirmation you will comply with all relevant Australian Government, state and territory, and local government regulations.
- Confirmation the buildings will meet at least universal design standards (silver).
- Demonstrated relationships with community housing providers, state housing authorities and other appropriate providers, to ensure the availability of exit pathways into social and affordable housing.

8. The grant selection process

8.1 Assessment of grant applications

The DSS assessment team will review your application against the eligibility criteria set out at Section 4. Only eligible applications will move to the next stage. Eligible applications will be considered through an open competitive grant process. DSS will consider your application on its merits, based on:

- how well it meets the criteria
- the merit of the grant activity
- the information you provide in the attachments as listed at Section 7.1.

The following assessment matrix will be used when assessing applications

Table 2: Assessment matrix

Rating (for individual criterion)	Score
Excellent – response to this criterion, including all sub-criteria, exceeds expectations	5
Good – response to this criterion addresses all or most sub-criteria to a higher than average standard	4
Satisfactory – response against this criterion meets most sub-criteria to an acceptable level	3
Unsatisfactory – poor claims against this criterion, but may meet some sub-criteria	2
Does not meet criterion at all – response to this criterion does not meet expectations or insufficient or no information to assess this criterion	1

If eligible, a Selection Advisory Panel will assess your application against the assessment criteria set out at Section 6 and against other applications. The Selection Advisory Panel may request additional information from you during the assessment stage. The Selection Advisory Panel may also undertake an independent assessment of your budget costing for the proposed grant activity.

The Selection Advisory Panel will prioritise funding to:

- the value of the grant sought and whether the applicant has obtained additional investment (whether cash or in-kind) from other levels of government or private and philanthropic sources for the grant activity
- the formal partnerships in place with specialist services that will work with people experiencing domestic and family violence to provide relevant support and services.

8.1.1 Assessing value with relevant money

In addition to considering the value for money based on the evidence you provide in assessment criteria (refer Section 6), a Selection Advisory Panel will also have regard to the following:

- building costs and characteristics – dwelling type, bedroom configuration, facilities (bathroom, kitchen, laundry and location within dwelling/site), special requirements
- land costs by locational characteristic – remote, regional, metropolitan (inner and outer urban).

8.2 Financial viability

Applicants may be subject to a financial viability assessment. The financial viability assessment forms part of the risk mitigation strategy and can include:

- establishing whether relevant persons have any adverse business history (for example current or past bankruptcy)
- assessment of the financial health of an entity and its ability to offer appropriate security against the project funds suitable to the Commonwealth.

8.3 Who will assess and select applications?

Applications will be assessed based on the eligibility and assessment criteria as set out in Sections 4 and 6 of these guidelines. The DSS assessment team, a Selection Advisory Panel, and any relevant and necessary experts or advisors will assess each eligible and compliant application on its merit and compare it to other eligible applications.

The Selection Advisory Panel will inform the assessment process and provide recommendations to the decision maker which applications to approve for a grant (refer to Section 8.4).

The Selection Advisory Panel may seek additional information about you or your application and this may delay completion of the selection process. They may do this from within the Commonwealth, even if the sources are not nominated by you as referees. Assessment personnel may also consider information about you or your application that is available through the normal course of business. This may include obtaining the opinion of an expert or advisor with expertise in capital grants.

Any expert, who is not a Commonwealth Official, will be expected to perform their duties in accordance with the [Commonwealth Grants Rules and Guidelines 2017](#).

8.4 Who will approve grants?

The Assistant Minister Community Housing, Homelessness and Community Services will make recommendations for the Minister Families and Social Services (the decision maker) to endorse. This will determine approval of grants based on the recommendations of the Selection Advisory Panel and the availability of grant funds for the purposes of the grant program.

The decision maker's decision is final in all matters, including the:

- approval of the grant
- grant funding amount to be awarded
- terms and conditions of the grant.

There is no appeal mechanism for decisions to approve or not approve a grant.

9. Notification of application outcomes

DSS will write to you about the outcome of your application. If you are successful, you will be advised of any specific conditions attached to the grant.

You can submit a new application for the same grant (or a similar grant) in any future grant opportunities under the Safe Places Emergency Accommodation program. You should include new or more information to address any weaknesses that may have prevented your previous application from being successful.

9.1 Feedback on your application

A Feedback Summary will be published on the [Community Grants Hub](#) website to provide all organisations with easy access to information about the grant selection process and the main strengths and areas for improving applications.

Individual feedback will be available at request. The process for requesting individual feedback will be included in the letter advising of the outcome of your application.

9.2 Further grant opportunities

If there are not enough suitable applications to meet the program's objectives, DSS may approach organisations directly and invite them to apply.

10. Successful grant applications

10.1 The grant agreement

You must enter into a legally binding Capital Works Agreement (grant agreement) with the Commonwealth. DSS will offer successful applicants a grant agreement for this grant opportunity.

Each grant agreement has standard grant conditions that cannot be changed. Sample grant agreements are available on [GrantConnect](#) and [Community Grants Hub](#) websites as part of the grant documentation. We will use a schedule to outline the specific grant requirements.

You should not make financial commitments in expectation of receiving the grant until you have received a letter of commencement from DSS. The organisation will be reimbursed for eligible expenditure items.

Your grant agreement may have specific conditions determined by the assessment process or other considerations made by the decision maker. These are identified in the grant agreement.

Payments will be made according to schedules agreed between grant recipients and DSS, as recorded in the grant agreement. Payment schedules will reflect the nature of the project, and generally be linked to the achievement of project milestones and key performance indicators. Release of each payment will depend on your organisation meeting all requirements as specified in the grant agreement.

You must accurately report on the grant activities and the expenditure of the grant, as required in the grant agreement. The grant must be spent and acquitted by the grant agreement completion date unless otherwise agreed with DSS.

DSS may vary or extend grant agreements in some circumstances where permissible under the terms and conditions of the grant agreement, and where agreed by both parties.

The Commonwealth may recover grant funds if there is a breach of the grant agreement.

You will have twenty (20) business days from the date of a written offer to sign and return this grant agreement. The grant agreement is not considered to be executed until both you and the Commonwealth have signed the agreement. During this time, we will work with you to finalise details.

The offer may lapse if both parties do not sign the grant agreement within this time. Under certain circumstances, we may extend this period. We base the approval of your grant on the information you provide in your application.

10.2 Commonwealth Child Safe Framework

The Royal Commission into Institutional Responses to Child Sexual Abuse highlighted the need for organisations to adopt child safe practices including appropriate screening of staff, mandatory reporting and adoption of the National Principles for Child Safe Organisations. The Australian Government committed to a new Commonwealth-wide framework to protect children and young people it is responsible for – the Commonwealth Child Safe Framework (CCSF).

The Australian Government is considering appropriate ways to apply the requirements of the CCSF to grant recipients. A child safety clause is likely to be included in a grant agreement where the Commonwealth considers the grant is for:

- services directly to children
- activities that involve contact with children that is a usual part of, and more than incidental to, the grant activity.

A child safety clause may also be included in the grant agreement if the Commonwealth considers the grant activity involves children more broadly.

10.3 Specific legislation, policies and industry standards

To be eligible for a grant, you must declare in your application that you comply with all relevant laws, regulations, policies, and industry standards. You will be required to demonstrate compliance with these requirements in your application and in your grant agreement with the Commonwealth.

You must at all times and at your own costs, comply with:

- all relevant laws and regulations

- requirements of any Commonwealth, State, Territory or local authority (including any Proper Authority)
- any guidelines and policies notified to you in writing from time to time by DSS.

10.4 Multicultural Access and Equity

The Australian Government's Multicultural Access and Equity Policy obliges Australian Government agencies to ensure their policies, programs and services – including those provided by contractors and service delivery partners – are accessible to, and deliver equitable outcomes for, people from culturally and linguistically diverse (CALD) backgrounds.

Grant applicants should consider how they will ensure their services will be accessible to people from CALD backgrounds. For example, service delivery partners may require cultural competency skills. In addition, services, projects, activities or events may require the use of professional translating or interpreting services in order to communicate with clients who have limited English proficiency. Based on an assessment of the client target group, costs for translating and interpreting services should be factored into grant applications.

10.5 How DSS will pay the grant

The grant agreement will state:

- the maximum grant amount to be paid
- any financial contributions you must make
- any in-kind contributions you will make
- any contribution (whether cash or in-kind) provided by a third party.

DSS will not exceed the maximum grant amount under any circumstances. If you incur extra costs, you must meet them yourself.

DSS will make payments according to an agreed schedule set out in the grant agreement. Payments are subject to satisfactory progress on the agreed milestones of the grant activity.

10.6 Grant payments and GST

Grant payments will be GST Exclusive. If you are registered for the [Goods and Services Tax \(GST\)](#), where applicable, DSS will add GST to your grant payment and issue you with a [Recipient Created Tax Invoice](#).

If a Government Related Entity is deemed successful, GST will not apply.
