

Data Summary Template

Dear

As per the requirement for the Addressing Critical Psychology Shortages – Postgraduate Psychology Incentive Program Grant Opportunity Guidelines (GOXXXX), this correspondence confirms the [Higher Education Provider Name] has met the requirements as outlined in the grant opportunity guidelines by:

- reaching a minimum growth rate of 8.7% between 2023 and 2024 postgraduate psychology course student enrolments which lead to general registration and relevant areas of practice endorsement; and
- creating 1 additional Commonwealth Supported Place (CSP) in postgraduate psychology.

The table below provides a summary of the number of enrolled students in each relevant postgraduate psychology course. The student enrolment percentage (%) increase from 2023 to 2024 is calculated as per the formula demonstrated in the Frequently Asked Questions document (Section 2.5).

| Course | Postgraduate Psychology courses – Student enrolments | | | CSP | |
|--|--|------|-------------------------|------|------|
| | 2023 | 2024 | % increase (2023-24) | 2023 | 2024 |
| e.g. Masters of Clinical Psychology | 50 | 55 | 10% | 5 | 6 |
| <add/remove rows as needed> | | | | | |
| Total | | | | | |

Attached to the application is also a letter from the Vice Chancellor endorsing this application and supporting evidence.

Kind regards
