1. General Questions

1.1 How do I access the documents for this grant opportunity?

In order to access the grant opportunity documents, you need to be registered on [GrantConnect](#). Please search for the round reference number (GOXXXX) and then use the red **Grant Opportunity Documents** button (on the left-hand side of the page) to access the specific grant opportunity documents.

Where you have registered for [GrantConnect](#) and you still cannot access the system, please contact the GrantConnect Help Desk:

- Phone: 1300 484 145
- Email: GrantConnect@finance.gov.au

1.2 When does the funding round open and what is the final date for submissions?

The funding round is expected to open on 23 April 2024 and close on 5 June 2024.

1.3 What type of process is this grant opportunity?

This grant opportunity is a targeted competitive selection process. This means that the grant opportunity is open to all organisations who meet the eligibility criteria outlined in *Section 4: Eligibility Criteria* of the Grant Opportunity Guidelines.

The grant opportunity will be administered in accordance with the [Commonwealth Grant Rules and Guidelines 2017 \(CGRGs\)](#).

1.4 Will further grant opportunities be available?

The Australian Government may at times provide growth funding to supplement various programs. These opportunities are advertised in the media and on the Australian Government [GrantConnect](#) website.

By registering on [GrantConnect](#) you will be notified as Grant Opportunities become available and have access to Grant Opportunity documents.

1.5 What is the assessment considering?

Please refer to the Grant Opportunity Guidelines, as listed on GrantConnect, specifically *Section 6: The assessment criteria*, *Section 7: How to apply* and *Section 8: The grant selection process*.

1.6 How will organisations be advised of the final outcome?

The department will advise the outcome of the grant opportunity, via email, to the primary contact listed in the application form. Please refer to *Section 7.3: Timing of grant opportunity processes* in the Grant Opportunity Guidelines for timeframes of announcements.

We will advise you of the outcome of your application in writing. If you are successful, we will advise you of any specific conditions attached to the grant.

If you are unsuccessful, we will give you an opportunity to receive feedback. A request for individual feedback should be made to the department within 21 days of being notified of the outcome by responding to the outcome email. We will respond to your request for feedback in writing within 14 days.

DRAFT

2. Eligibility Questions

2.1 Who is eligible to apply for this grant?

Refer to *Section 4.1: Who is eligible to apply for a grant?* of the Grant Opportunity Guidelines for further details regarding eligibility.

For consistency, fairness, and probity reasons the department cannot give additional guidance to a potential applicant or advise if they are eligible to apply for grant funding. Applicants must refer to the Grant Opportunity Guidelines and other published information for this grant (e.g., addendums, additional frequently asked questions) and determine whether you or your organisation satisfies the eligibility criteria.

All applications undergo a compliance and eligibility check. If your application does not meet the eligibility criteria it will not progress to the next stage of assessment for grant funding.

2.2 Who is not eligible to apply for this grant?

Applicants are **not eligible** to apply for this grant opportunity if they:

- are not listed as an eligible organisation in *Section 4.1: Who is eligible to apply for a grant?* of the Grant Opportunity Guidelines, and/or
- are an organisation, or your project partner is an organisation, included on the [National Redress Scheme's website](#) on the list of 'Institutions that have not joined or signified their intent to join the Scheme'.

2.3 Additional eligibility criteria

To be eligible applicants **must** be an existing Commonwealth funded provider of the following:

- Department of Health and Aged Care
- Department of Veterans Affairs (DVA), and/or
- National Disability Insurance Scheme (NDIS).

Refer to *Section 4.1.1: Additional eligibility criteria* of the Grant Opportunity Guidelines for further detail.

2.4 Are National Aboriginal and Torres Strait Islander Flexible Aged Care (NATSIFAC) Program providers eligible to apply?

If you are a NATSIFAC Program provider that is currently funded to provide residential and/or home care packages and are **directly delivering** these services (i.e., you are not a sub-contractor) in accordance with *Section 4.1.1: Additional eligibility criteria* you are eligible to apply.

2.5 Can I apply as a consortia?

Yes, please refer to *Section 4.1.1: Additional eligibility criteria* and *7.2: Joint (consortium) applications* of the Grant Opportunity Guidelines for further details regarding eligibility and requirements of consortia applications.

As outlined in these sections of the Grant Opportunity Guidelines, the lead organisation must have a formal arrangement in place with all parties prior to execution of a grant agreement in the form of a letter of support from each party involved other than the lead organisation.

If your application is successful, the department will request copies of each letter of support before the grant agreement can be executed.

Information about what needs to be included in each letter of support is available in *7.2: Joint (consortium) applications* of the Grant Opportunity Guidelines.

2.6 Can the Department help me determine if I am eligible to apply?

The Department is unable to provide information on whether an applicant is eligible to apply for funding. You should consider whether you or your organisation satisfies the eligibility criteria contained in *Section 4.1: Who is eligible to apply for a grant?*

DRAFT

3. Funding Questions

3.1 What is the total funding available for the grant?

There is a \$100 million investment of funding in the 2024-25 financial year.

3.2 What duration will funding be provided for?

Funding will be provided for a maximum grant period of 9 months commencing no sooner than 1 October 2024 with the funding forming part of the base in future years. You must complete your grant by 30 June 2025.

3.3 What happens after 1 July 2025?

The department is in the process of progressing arrangements to extend funding for CHSP providers from 1 July 2025 – 30 June 2027. Applicants who are successful in becoming CHSP providers through the CHSP Growth Funding 2024-25 Grant Opportunity would be eligible to apply for the 2025-27 extension arrangements, once available.

3.4 How much funding can I apply for?

The minimum annual grant amount is \$250,000 (GST exclusive). The Department may award grant funding below this minimum annual grant amount, within the amount of available funds, subject to the number of applications received and assessed against the assessment criteria, as necessary to meet objectives of this grant opportunity. Refer to *Section 3: Grant amount and grant period*.

The maximum grant amount should not exceed the amount of available funding outlined in *Attachment A* of the Grant Opportunity Guidelines for each service type and Aged Care Planning Regions ([ACPR](#)).

3.5 What if I do not spend all the funding?

The department identifies the reason for under-expenditure of grant funds before determining how it is managed. Under-expenditure is managed under the terms of the grant agreement and options include varying the agreement, reducing, or withholding payments or recovering the underspend as a debt.

3.6 What if I receive partial funding?

Your organisation should be prepared for cases in which your application is only successful for partial funding. Your organisation may be required to confirm your ability to deliver partially funded services before grant funding is provided.

3.7 Is it possible to receive funding before 1 October 2024?

The department may negotiate early release of part of the funding total with successful applicants after a formal grant agreement has been executed. This may be for increased initial costs associated with new providers prior to service delivery.

If you intend to negotiate an early release of funds, you should state a clear business case for how and why this early release of funds is necessary to achieve efficient and effective delivery of services. If your application is successful, the department will contact your organisation prior to the execution of a formal grant agreement to discuss the options for early funding.

3.8 Do I need to have capacity to deliver full funding if provided?

The amount you apply for should be reflective of your organisation's capability to deliver efficient and effective service delivery of **all** service types applied for and across **all** ACPRs applied for, within the grant activity period.

If your organisation would be capable of delivering some but not all of the CHSP Service Types across *all* ACPRs applied for over the course of the grant activity period, you should revise your application total to reflect only what your organisation is capable of delivering in line with the Grant Opportunity Guidelines.

It is highly preferable that successful applicants do not require negotiations for partial funding (after being found suitable for full funding) due to an inability to deliver all services to all ACPRs applied for.

3.9 What can the grant funding be used for?

Please refer to the Grant Opportunity Guidelines, specifically *Section 5: What the grant money can be used for*. Eligible grant activities must include the specified CHSP services (Domestic Assistance, Home Maintenance, Allied Health and Therapy and Transport services only).

Further information on these services can be found in *Section 1.2.12* of the [CHSP Program Manual 2023-2024](#).

3.10 What can't the grant funding be used for?

Please refer to the Grant Opportunity Guidelines, specifically *Section 5.4: What the grant money cannot be used for*.

Applicants particularly need to be aware of the following, noting the full list applies in all cases. You cannot use the grant for:

- delivery of service types and / or associated [ACPRs](#) that are **not** outlined in the table at *Attachment A – Priority Table*
- purchase of land
- paying ransom for ransomware, cyber-attack or any other type of cybercrime
- wages/salaries that do not relate to the direct delivery of eligible CHSP service types under this grant opportunity (Domestic Assistance, Home Maintenance, Allied Health and Therapy and Transport services)
- major capital expenditure, major construction/capital works
- the covering of retrospective costs
- costs incurred in the preparation of a grant application or related documentation
- subsidy of general ongoing administration of an organisation such as electricity, phone and rent
- overseas travel, and
- activities for which other Commonwealth, state, territory, or local government bodies have primary responsibility.

As per *Section 1.2.13* of the [CHSP Program Manual 2023-2024](#) the purchase of vehicles, including buses, can only occur with department approval.

3.11 If successful, when will I receive a grant payment?

Before payments are made a grant agreement must be signed by the grant recipient and the departmental delegate. Payments will then be made in line with the payment schedule in your grant agreement.

3.12 How are grant payments distributed to successful applicants?

If your application is successful, before any payments are made, you must enter into a legally binding grant agreement with the department. Further detail and requirements are available in *Section 10.1 of the Grant Opportunity Guidelines*.

direct service delivery CHSP providers, receive a standard monthly payment in arrears. This standard monthly payment is the total value of the grant agreement divided by twelve.

Payments will be released automatically in line with the grant agreement. Due to processing, it may take three to four business days before providers receive their monthly payment.

For further information refer to the [CHSP Program Manual 2023-2024](#).

3.13 Are there any GST or income tax-related issues involved in receiving funding?

Please refer to the Grant Opportunity Guidelines, specifically *Section 10.4: Grants Payments and GST*.

The department is unable to provide taxation advice to you or your organisation. The department recommends you seek independent advice regarding the tax implications of receiving funding.

4. Application Questions

4.1 How do I submit an application for this grant opportunity?

Please refer to *Section 7: How to Apply* in the Grant Opportunity Guidelines. Detailed information on the application process is available on [GrantConnect](#). This includes specific instructions on how to submit your application for this grant opportunity and upload attachments. The Grant Opportunity Guidelines also detail any additional requirements to be attached to the application form. Submit your application form by the closing date and time as specified on [GrantConnect](#).

4.2 Will late applications be accepted?

The department will not accept late applications unless an applicant has experienced exceptional circumstances that prevent the submission of the application. Broadly, exceptional circumstances are events characterised by one or more of the following:

- reasonably unforeseeable
- beyond the applicant's control
- unable to be managed or resolved within the application period.

Exceptional circumstances will be considered on their merits and in accordance with probity principles.

Applicants seeking to submit a late application will be required to submit a late application request via email to Grant.ATM@health.gov.au with "Late Application Request - GOXXXX" in the subject line.

The request should include a detailed explanation of the circumstances that prevented the application being submitted prior to the closing time. Where appropriate, supporting evidence can be provided to verify the claim of exceptional circumstances.

The assessment committee Chair or their appointed representative will determine whether a late application will be accepted. Once the outcome is determined, the department will advise the applicant if their request is accepted or declined.

4.3 Where can I find my organisation ID?

If you are an existing grant recipient, your organisation's ID can be found on your current Grant Agreement with the department. The organisation ID is located in the top right-hand corner on the grant details page of your Grant Agreement (usually page 4, see screen shot below). The organisation ID is in the format of a combination of numbers, hyphens, and letters, e.g. 1-AAAAAAA (where "1" represents a number and "A" represents a letter or a number).

Grant Details	
Organisation ID:	1-AAAAAAA
Agreement ID:	1-BBBBBBB
Schedule ID:	1-CCCCCCC
A. Purpose of the Grant	

If you do not have access to the Grant Agreement, your Organisation ID can be found on any Recipient Created Tax Invoice (RCTI) provided to you by the department. For example, it will list a vendor number as FO1- AAAAAAA. When inputting the organisation ID to your application, please remove the FO reference, just use the ID, e.g., 1- FO1- AAAAAAA.

4.4 How can I update my organisation's details?

If you need to update details on your existing grant agreement, please contact your Funding Arrangement Manager (FAM) and they will be able to assist you. Please refer to your grant agreement for this information.

4.5 What do I enter as the 'Service Area Type' details in the application form?

The service area type field indicates the service areas relevant to the grant opportunity. For this grant opportunity you can only select Australia.

You will nominate the service areas you will be applying for in the Activity Work Plan, noting that for each service type you will need to fill out the corresponding Activity Work Plan sheet in the spreadsheet template provided to you.

For more detail on filling out the Activity Work Plan template refer to *Section 7: CHSP Growth 2024-25 Specific Questions* of these Frequently Asked Questions.

4.6 Can I get assistance in completing my application?

No, for consistency, fairness, and probity reasons the department cannot assist, comment, or give additional guidance to a potential applicant on how to complete an application form (including advice on whether you meet the eligibility criteria). Applicants must refer to the Grant Opportunity Guidelines (including any addendums and/or additional frequently asked questions) for relevant information on how to complete their application.

However, if you are experiencing technical issues (e.g. unable to access the online application form) please send an email to GrantConnect@finance.gov.au and include any screenshots of error messages (if applicable).

4.7 Can I print a PDF/ Microsoft Word version of the application form?

No, the department does not provide an application template as part of our suite of application documents.

The only way to view the application is by opening a new application form and working your way through. You can enter "dummy" answers to proceed through to the end of the form. You can then save this dummy application (without submitting) and change your answer at a later date (prior to the closing date and time of the grant opportunity).

There is no "PRINT" function in the application form. When an application form is submitted you will receive a Form Receipt email which specifies the submission reference, date and time and includes the attached pdf application form. This is the only proof of submission, and it is the responsibility of the applicant to ensure that this email has been received and that it is accessible within their organisation.

The department is unable to provide a copy of the application to you if you have deleted or lost the Form Receipt email.

4.8 How can I withdraw an application I have already submitted?

Please send an email to Grant.ATM@health.gov.au and include the following information:

- Brief reason for the withdrawal
- Name of your organisation
- Submission reference number (located at the top right-hand corner of the application form page)

- Name of the grant opportunity and GO ID (e.g., GO1234).

Please ensure the email is sent from the authorised contact listed on the application form.

4.9 Can I submit more than one application?

No. You cannot submit more than one application for this grant opportunity.

If you accidentally submit two applications, the Department will assess the last application received.

4.10 I have submitted my application twice. Which application will be assessed?

The Department will assess the last application received as the final application.

4.11 Can I call my CHSP Funding Arrangement Manager to discuss my application?

No. No, for consistency, fairness, and probity reasons your Funding Round Manager cannot assist, comment, or give additional guidance to a potential applicant on how to complete your application including advice on whether you meet the eligibility criteria. Applicants must refer to the Grant Opportunity Guidelines (including any addendums and/or additional frequently asked questions) for relevant information on how to complete their application.

4.12 If my application is not successful, can I appeal the decision?

No. The Department of Health's decision is final in all matters, including:

- the approval of the grant.
- the grant funding amount to be awarded; and
- the terms and conditions of the grant.

Refer to *Section 13.1: Enquiries and Feedback* of the Grant Opportunity Guidelines for information on feedback and making an enquiry.

5. Technical Application Form/Submission Questions

5.1 When should I aim to submit my application after I have answered all the required questions?

To avoid any submission issues, we recommend that you submit your application at the latest 3 hours **before** the closing date and time. This should allow sufficient time to address any errors that you may notice in your application after submission.

Submitting early will allow you to resolve any technical issues that you may experience during the submission of your application (any internet outages, system/submission error notifications) and you will be able to contact Grant.ATM@health.gov.au with time to receive assistance to ensure your application is submitted on time.

5.2 I cannot see all the words in my text box, will it save?

This issue may be due to copying and pasting text from a document into the application form. If this happens, please check that you are within the character limit of the text box and remove all text formatting or paste values and text only.

5.3 What happens if I am unable to continue to the next tab/page/submit the form?

If you are unable to continue to the next page/submit your application the form will take you to a red error message at the top of the page and ask you to resolve the following issue/s before proceeding. The form will not allow you to submit where validation errors exist. If you click on the error message it will take you directly to the question with the issue.

If you have addressed all the validation errors and you are still unable to submit the form, please provide a screen shot of the error(s) and send to Grant.ATM@health.gov.au.

5.4 I cannot return to my draft application form, what can I do?

If you have not submitted your application form and can no longer access the information, the grant opportunity has either closed or there may have been issues with your internet connection. The department has no record of your draft application and cannot retrieve any of your draft information.

Your application form will be accessible for 60 days from the last date accessed or the close date/time of the round, whichever date is earliest. After the 60-day time period has passed the form shuts down and is no longer available for amendments or submission (data cannot be retrieved once this time period has lapsed). You will need to submit a new application if the grant opportunity is still open.

We strongly encourage that you save a copy of all your draft answers outside of the application form (e.g., in a Microsoft Word document) so that in the event there is a technical issue, system outage or you lose the information that you have drafted, you can access your previously prepared answers.

5.5 What amount should I enter in the 'financials' tab in the application form for the question "Provide a breakdown of the requested grant funding for the previously selected service area/s"?

The Grant Opportunity Guidelines, specifically *Section 5: Grant amount and grant period*, specify the full amount of funding available in this grant opportunity.

Applicants should enter the full amount of funding for a 12-month period, noting successful applicants who receive a funding agreement in the 2024-25 financial year will only receive

funding for up to 9 months of service delivery, commencing from no sooner than 1 October 2024 – 30 June 2025.

The full 12 months of funding entered in the 'financials' tab in the application form must match the total funding in the Activity Work Plan.

5.6 What can I do if I have submitted my application but not received any email confirmation?

After submission, the Form Receipt email can take up to 30 minutes to arrive in the nominated inbox. If you have not received a Form Receipt email after 24 hours, please email Grant.ATM@health.gov.au and the department will investigate the issue.

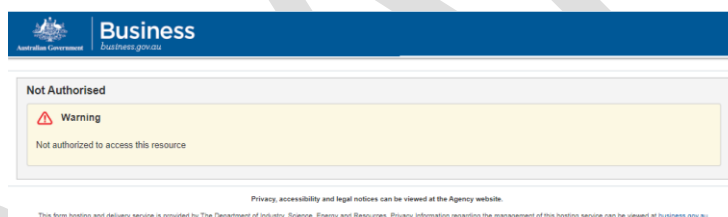

If your application was not received prior to the close date and time you may request to submit a late application based on experiencing exceptional circumstances that prevented the submission of the application. The assessment committee Chair or their appointed representative will then determine whether an extension will be granted.

Refer to *Section 7.3.1: Late Applications* of the Grant Opportunity Guidelines for information on how late applications will be treated.

5.7 Can I change my application after I have submitted?

5.7.1 Before close date and time

After you have submitted your application, you are not able to re-access your form to make further edits. If you try and open your form using the Form Opened email you receive each time you re-access it (prior to submission) you will receive the below error message.

If you wish to make any changes to the form after you have submitted it, you will have to complete a new form (additional information cannot be provided via email). You must also contact Grant.ATM@health.gov.au immediately to withdraw the previous application that you have identified as incomplete or requiring updating.

5.7.2 After close date and time

Please refer to the Grant Opportunity Guidelines on [GrantConnect](#), specifically Section 7: *How to Apply*.

'If you find an error in your application after submitting it, you should contact us immediately via Grant.ATM@health.gov.au.

If we find an error or information that is missing, we may ask for clarification or additional information from you that will not change the nature of your application. However, we can refuse to accept any additional information from you that would change your submission after the application closing time.'

If required, the department will contact you directly to clarify or ask for additional information to assess the application in accordance with the Grant Opportunity Guidelines.

5.8 How do I upload multiple documents where there is a one file limit for the question?

You can only upload one attachment to each attachment question within the form. If applicable, applicants should combine multiple documents into one document before attaching to the application form. This may require you to scan multiple documents into one PDF version. Information in attachments should be relevant and concise as possible.

5.9 I am trying to upload an attachment however I am receiving an error message. How to I resolve the issue?

The file you are attempting to load may contain either unacceptable special characters or an invalid file extension. Acceptable characters are all alpha and numeric characters, full stops, single hyphen, and spaces. Please re-name the file and try again.

There may also be a document attached in the application with the same file name. You cannot upload two documents within the form with the same file name. Please rename the file and try again.

5.10 Is there a file size limit for attachments?

Yes, the size limit is 2MB or under per attachment.

If your attachment file sizes exceed 2MB, we recommend not to copy and paste data into spreadsheets as this may include unseen characters and add size to the file. We suggest you monitor the attachment size as you are entering the data, to ensure the file size does not exceed 2MB. If you are unable to limit the size of your documents, please contact Grant.ATM@health.gov.au for further advice and assistance.

6. CHSP Growth 2024-25 Specific Questions

6.1 General Questions

6.1.1 What is the purpose of the Grant?

The CHSP Growth Funding 2024-25 grant opportunity forms part of the extension of the CHSP program that was announced as part of the May 2023 Federal Budget. The grant opportunity will run from no earlier than 1 October 2024 to 30 June 2025.

The grant opportunity is a targeted growth round with a \$100 million investment of funding in the 2024-25 financial year, to increase the availability Domestic Assistance, Home Maintenance, Allied Health and Therapy, and Transport services. It seeks to attract new providers currently delivering other similar services that are focused on supporting the care economy.

Refer to *Section 2.1: About the CHSP Growth Funding 2024-25 grant opportunity*.

6.1.2 Why are only providers outlined in the GOG eligible to apply?

This grant opportunity seeks to attract new and existing CHSP providers currently delivering other similar services that are focused on supporting the care economy, including those for aged care, Department of Veterans Affairs, and the National Disability Support Scheme. This supports cost effective service delivery across these programs where the pool of providers is from the same sector. Refer *Section 2.1: About the CHSP Growth Funding 2024-25 grant opportunity*.

Refer to Section 5.4 of the Frequently Asked Questions for information on eligibility of providers funded under the NATSIFAC Program.

6.1.3 Is CHSP managed under the Aged Care Act?

The new Aged Care Act will impact everyone who accesses or delivers aged care. This includes CHSP providers. Under the new Aged Care Act, Providers who deliver NATSIFAC and CHSP services will be registered under the new Act and regulated by the ACQSC.

Applicants should be aware of the impacts of the new Aged Care Act. Information is available here: [What the new Aged Care Act may mean for you | Australian Government Department of Health and Aged Care](#).

6.1.4 I am an existing CHSP service provider will funding for this grant be provided through a standalone agreement, and what will this mean for my reporting requirements?

For existing CHSP service providers applying for this funding to expand services they are currently funded to deliver, the existing program schedule and reporting requirements will remain in place. An existing CHSP service provider applying for this funding to deliver services they are not currently funded for will continue with the same program schedule but will be provided with additional activity ID's for the new service type and will be required to report on this activity. Organisations who are not an existing CHSP service provider will receive a new CHSP grant agreement that will detail all reporting requirements.

6.2 Questions about attachments

6.2.1 What attachments do I need to attach to my application?

The Grant Opportunity Guidelines, specifically *Section 7.1: Attachments to the Application*, state that **all** the following documents **must** be attached to your application for it to be considered compliant and for it to proceed to assessment.

All applicants **must** attach:

- The **activity workplan** template for each service type applied for. This must specify the ACPR/s which you are applying to deliver, the number of units you anticipate being able to deliver, the associated unit price and the total budget applied for. Multiple activity workplans can be combined into one document.

For applicants who **are DVA, or NDIS providers only** (do not currently deliver any aged care services) you **must** also provide:

- 1) a copy of your current accreditation against relevant standards **and**
- 2) a copy of current service delivery agreement (or service delivery standards or similar) **and**
- 3) a copy of your most recent performance report OR an attachment with further information about why this document is not able to be provided.

6.2.2 What if I am NDIS and/or DVA provider and I cannot provide a performance report?

Information on the required supporting attachments from NDIS and DVA providers is detailed in the *Section 4.1.1: Additional Eligibility Requirements* of the Grant Opportunity Guidelines.

NDIS and DVA providers must provide a copy of their most recent performance report where applicable. Applicants who are not able to do so will need to submit an attachment with further information about why these documents are not able to be provided.

6.2.3 What if I want to support my response to the criteria or application with extra information?

The Grant Opportunity Guidelines, specifically *Section 7.1: Attachments to the Application*, state that the department will not consider information in attachments that we do not request in order to deliver services from commencement of the grant funding period.

6.3 Questions about service types and ACPRs

6.3.1 What are ACPRs and where can I find further information?

Aged care services in Australia are funded and delivered in regions called ACPRs. There are 73 ACPRs across Australia.

The 2018 ACPRs are based on Statistical Area Level 2 (SA2) boundaries from the Australian Bureau of Statistics Australian Statistical Geography Standard 2016.

Eligible ACPRs for this grant opportunity is provided at *Attachment A – Priority Table*.

6.3.2 Where can I find more information on each CHSP service type?

Further information on CHSP services is outlined in [CHSP Program Manual 2023-2024](#).

6.3.3 What are the priority service types and areas?

This information is provided at *Attachment A – Priority Table*.

6.3.4 Why can applicants only apply for some CHSP service types and ACPRs?

The allocation of Growth funding is based on meeting the targeted geographic and service type needs of eligible clients for CHSP services. Analysis of data related to current service delivery gaps, wait times, existing funded providers across Aged Care Planning Regions, and direct correspondence from older people unable to access the above service types has informed the priorities identified in this grant opportunity. Targeting funding in priority ACPRs will increase the availability of these services and reduce wait times in specific [ACPRs](#) where

there are gaps in delivery. It will also support the care and support economy by accessing workforce from other care and support services.

Refer Section 2.1: *About the CHSP Growth Funding 2024-25 grant opportunity.*

6.3.5 Can I apply for funding for services in ACPRs that are not listed as priority services/areas?

No. The growth funding round is targeting priority CHSP services in specific ACPRs.

The Department will direct funding to the identified priority services in priority areas only.

Applicants should align their application selection criteria response to the published priorities being targeted in this funding round. Applicants not addressing the priorities in their responses to the selection criteria will not be considered during this selection process.

6.3.6 Are applicants already funded under the CHSP restricted to just applying for services in their current ACPRs?

No, CHSP applicants may apply for services in any of the prioritised ACPRs (*Attachment A – Priority Table*), including ones they are not currently funded to deliver services in.

6.4 Questions about the unit price

6.4.1 What should the unit price include?

The CHSP unit price should cover the cost to your organisation of delivering one output of a given CHSP service type to a client. For more information see the [CHSP Program Manual 2023-2024](#).

6.4.2 What needs to be included in unit price?

From 1 July 2024, the National Unit Price Range will be indexed and adjusted accordingly. The CHSP National Unit Price Ranges for the 2024-25 financial year have been recently published on the department's website in the [Commonwealth Home Support Programme \(CHSP\) 2024–25 extension – Provider update fact sheet](#).

If the proposed unit price per output is outside of the range identified in the [fact sheet](#), you should provide information explaining the reason for the higher or lower unit price (such as delivery in MMM 6 and 7 classification, as outlined in the [CHSP Program Manual 2023-2024](#)).

6.4.3 How do I calculate unit price?

CHSP service providers are expected to develop and implement a client contribution policy with a view to ensuring that those clients who can afford to contribute to the cost of their care do so, whilst also protecting those most vulnerable. The client contribution policy is designed to support the financial sustainability of the CHSP, whilst creating fairness and consistency in the way both new and existing clients contribute to the cost of their care.

Please note that while the CHSP National Unit Price Ranges 2024-25 table on P.3 of the [Commonwealth Home Support Programme \(CHSP\) 2024–25 extension – Provider update fact sheet](#) excludes client contributions, these must be included as part of your application.

6.4.4 Are client contributions included in the unit price being applied for?

No. All CHSP providers are responsible for setting their own unit prices which is a combination of subsidies applied for through the grant opportunity process and the providers setting of a client contribution. This combined unit price is to ensure that sustainability of service provision is supported, and a high quality of service is able to be provided to clients.

The funded unit price (funding per output) for the grant is expected to be between the Expected Unit Price Range identified for each eligible priority CHSP service type in *Attachment A – Priority Table*.

The unit price is expected to cover staffing, activities and overhead costs associated with the delivery of services, including as applicable: utilities and rent, use/leasing of vehicles and equipment (including maintenance costs), provision of meals, off-site activities etc.

Applicants must provide information on their ability to deliver services within the expected unit price range or provide further detail on why prices are outside of this range. Higher unit prices may be considered on the basis of, for example:

- low client contributions being collected under the hardship provisions under the organisation's client contributions policy
- higher unit price for a period of time while standing up a service to cater to a new group of clients
- higher unit price due to distances travelled to support clients' access to the service;
- additional supports provided directly to special needs clients and their families; and
- provision of training programs for staff.

6.4.5 For providers who already have funding for the service type in the same region that they are applying for, should the proposed annual output figure include current and proposed outputs, or just outputs for the requested funding allocation?

Only list the amount of funding you are seeking through this grant opportunity, your proposed unit price and the projected number of outputs you are likely to deliver if successful.

6.5 Questions about the selection criteria

6.5.1 What is the word limit for each criterion?

Responses to each assessment criterion should be limited to the listed words in the application form and as outlined in *Section 6: The assessment criteria* of the Grant Opportunity Guidelines.

6.5.2 Do I need to provide enough information to reach the specified word limit? Will I be disadvantaged during the application assessment phase if I do not reach the specified word limit?

No. The word limit does not need to be reached in order for a response to be assessed as suitable. However, you will need to provide sufficient information within the maximum specified word limits to ensure that your application will be competitive when assessed against the assessment criteria.

6.5.3 Can I provide more than the word limit?

No. The online application form will not allow applicants to provide more information than the word limit.

6.5.4 How best can an applicant address their application when applying for various activities/eligible locations when only one response per criterion will be accepted?

It is advised that all applicants work within the application framework and suggested word limits when addressing the selection criteria. This should be the case where an applicant is proposing to service just one eligible location or multiple.

6.5.5 What resources are available to assist in addressing the criteria?

Before applying, you must read and understand the Grant Opportunity Guidelines and the application form. In addition it is advised that the [CHSP Program Manual 2023-2024](#) be reviewed and considered before applying.

6.5.6 Is there any guidance or advice to assist in responding the criteria?

No, for consistency, fairness, and probity reasons the department cannot assist, comment, or give additional guidance to a potential applicant on how to complete your application including advice on whether you meet the eligibility criteria. Applicants must refer to the Grant Opportunity Guidelines (including any addendums and/or additional frequently asked questions) for relevant information on how to complete their application.

6.5.7 How much information about workforce readiness is required?

Please refer to the Grant Opportunity Guidelines, specifically *Section 6: Assessment Criterion 3: Efficient and Effective Use of Grant Funds*. You must provide enough detail to demonstrate that you understand the workforce requirements to deliver the services, including relevant qualifications (where applicable) and language capabilities.

Strong applications will demonstrate how their organisation either already has access to the required workforce resources, or has a detailed plan (including timelines, costs, etc.) for an approach to acquire them.

6.6 Questions about the Activity Work Plan

6.6.1 How do I complete the Activity Work Plan?

The Activity Work Plan is part of assessment criterion 3, refer to *Section 6: The assessment criteria of the Grant Opportunity Guidelines*. The Activity Work Plan template provided with the Application Form is a spreadsheet which contains multiple tabs (sheets). Instructions on how to fill out the AWP can be found on the *Instructions* sheet, which is the first sheet in the template spreadsheet.

The Activity Work Plan must have all fields completed. This includes:

- the breakdown of Sub-Service types
- the ACPR/s in which you are applying to deliver the service type
- the number of units you anticipate being able to deliver e.g. hours
- the associated unit price and
- the total budget applied for.

6.6.2 What is each sheet in the AWP for?

The Activity Work Plan contains one sheet per service type, as well as several sheets to assist you in filling it out.

The sheets are:

- Instructions
- A summary of the funding totals from each activity work plan with pro-rata amounts (this will automatically populate as you fill out the AWP for each service type)
- Domestic Assistance AWP
- Home Maintenance AWP
- Allied Health and Therapy AWP
- Transport Services AWP
- A list of eligible ACPRs for your reference, including state, code, and name.

To avoid confusion, delete the sheets for the Service Types you do not intend to apply for.

6.6.3 Which sheets in the AWP do I need to fill out?

You must submit an Activity Work Plan for *each* CHSP Service Type you are applying for (Domestic Assistance, Home Maintenance, Allied Health and Therapy, and/or Transport Services).

This means your application should be submitted with **one** comprehensively filled out Activity Work Plan template attached, which contains **one** work plan (sheet) for the CHSP Service Types you are applying for (i.e. each sheet within the template is for a different service type, you do not need to attach each AWP separately).

To avoid confusion, you may choose to delete the sheets for the Service Types you do not intend to apply for.

6.6.4 How do I fill out an AWP for a certain CHSP Service Type?

You will need to have the following information for each CHSP Service Type you intend to apply for:

- Which Sub-Service type you will be delivering (selected from the drop-down menu)
- Which ACPRs you will be delivering each sub-service type in (selected from the drop-down menu)
- The Unit Price (see Section 7.4 of these FAQs for details on where to find these)
- The number of units being delivered in each ACPR of each Sub-Service type

A new row in each sheet is required for each ACPR your organisation will deliver each CHSP Sub-Service Type in. Once you have entered the four details above in each row, the Amount and Pro-Rata Amount (both excl. GST) should automatically calculate.

For example, an organisation wishes to apply for funding in two CHSP Service Types (Domestic Assistance and Transport Services). The organisation delivers two Sub-Services for each Service Type, and will deliver these in three different ACPRs. Their Activity Workplan Template would contain:

Sheet 1 (Domestic Assistance AWP)			Sheet 2 (Transport Services AWP)		
Sub-Service Type	ACPR Code	Details	Sub-Service Type	ACPR Code	Details
Linen Services	101	Unit price, # of units, \$ amount, etc	Direct (volunteer/worker driver)	101	Unit price, # of units, \$ amount, etc
	102	Unit price, # of units, \$ amount, etc		102	Unit price, # of units, \$ amount, etc
	103	Unit price, # of units, \$ amount, etc		103	Unit price, # of units, \$ amount, etc
Unaccompanied Shopping	101	Unit price, # of units, \$ amount, etc	Indirect (vouchers/subsidies)	101	Unit price, # of units, \$ amount, etc
	102	Unit price, # of units, \$ amount, etc		102	Unit price, # of units, \$ amount, etc
	103	Unit price, # of units, \$ amount, etc		103	Unit price, # of units, \$ amount, etc
