### Agency:

Department of Home Affairs

### Program Name:

Fostering Integration Grants

### Description:

The Australian Government has committed \$2.3 million in funding for the 2019-20 Fostering Integration Grants program to support not-for-profit organisations to assist migrants to integrate into Australia.

Grants of between \$5,000 and \$60,000 will help organisations to:

- Encourage the social and economic participation of migrants by developing skills and cultural competencies to integrate into Australian social, economic and civic life, and build community resilience.
- Promote and encourage the uptake of Australian values and liberal democracy and amplify the value of Australian citizenship.
- Address issues with Australian communities that show potential for, or early signs of, low social integration.
- Promote a greater understanding and acceptance of racial, religious and cultural diversity.

The grants are expected to open for applications in the second half of 2019.

We encourage organisations working directly with multicultural communities to apply.

### Estimated Period of Release:

July to December 2019
